

Found the Ruby coloured wine to the sound of Mirth  
and Music The two lovers were all the world to  
each other and Melech Mahommed kissed her  
hands and feet Repeating this verse.

All Mortal love compared with thee  
Seems like the pathway dust to me  
The dust shall flit in empty air  
Nor ever soil a foot so fair

While thus they enjoyed each others society  
the voice of Prizadas with terrible noise and  
tumult was heard in the Med are and they  
presently perceived that it was the Vizir of the  
King to whom Chete Aproz had been betrothed  
by her father Anzor Shah He come as an  
ambassador and was introduced into the presence  
of the prince who ordered him to deliver  
his message May you attain every happiness  
said he thy Master desires me to say My heart  
has for a long time been yours but you have  
never shown me any affection Mean time the  
precious days of life are given to the wind if  
it be your intention rather have pity on me  
and kill me at once for one of your glances  
is the sign of life or death to me but if there  
is any kindness in your tender heart give

me
