Tomorrow ah the thought with sweet
Tomorrow with my love to meet
Anight without a Morn like that ^{this}
Was never seen by Man I was

When the three days were nearly expired
Melech Mahommed who was as impatient as
Anushah proposed to visit Ghete Afroz and
bring intelligence in what state her prepar-
-ations were He took horse and quickly arrived
at her residence as he entered he observed that
the garden the doors and the walls of the
Palace were all adorned in the most incompar-
-able stile.

The groves of Irem famed so long
In Many an Eastern poets Song
Whose spicy fragrance filled the air
Could never with these groves compare
In the garden he saw Ghete Afroz seated
on a splendid golden throne of Gold looking
so lovely and so charming that her lover
was ready to resign his soul as soon as she
saw him she cried "come away come away
how do you like my preparations I am happy
to show them to you first she then asked
what news of Anushah He replied the eyes
of the King are constantly fixed on the road
to your palace."
