some reflection and a cup of reconciliation
Ghete arose again lay down to sleep -

The Joseph new of golden light
From doemon gloom emerges bright
So Junis shone when bursting free
From the dark monster of the sea

Ghete arose and walked with
Melech Mahommed through the garden
afterwards taking him along with her

was plenty of game and then they
prepared to noble feast in a spot of
uncommon beauty roasted the produce
of the chase and jovially quaffed the
flowing goblet after which they turned
their faces homeward and arrived at
the palace in the twinkling of an eye
The Musicians then brought their in-
struments and struck up the most
delightful harmony and they amused
themselves with Music and dancing
till evening -

And
