

Danish Bait who during this narration  
was ready to sink in to the ground for  
perfect shame protested and swore that  
he has never Nephews in existence "Poh"  
said the shah be done with your nonsense  
and bring him instantly here or I shall  
be quite indignant Danish Bait said  
that all his asseverations gained no credit  
and fearful of provoking the prince will  
he will he, he was forced to trudge off to  
his Nephew's house. The poor afs who had long  
been hoping sadly abed no sooner saw his  
uncle then he made him an awkward bow  
and attempted to resign his place to him  
Danish Bait with great indignation told  
him the place of an afs was fit only for  
an afs was fit only for an afs and began  
to revile him in the bitterest term Abomina-  
-ble worthless animal said he did not tell  
you to what a black end you would bring  
yourself it is not enough for you to bring  
ruin on your own head but you must bring  
irretrievable disgrace on every person connected  
with you I have now let you to wear your  
afs's hide for 9 months to see if it be possible  
to make you feel your own disgrace and  
now though you ought to be left to die in  
that pretty figure you cut yet come along  
instantly
